■ a dot of curiosity:

Essence .

S M . L L

Bespoke wooden designs that are encapsulated tales to adorn your spaces. SM.LL. as an idea is a thought beyond itself yet is nothingbut a 'dot' of curiosity. A curiosity that causes a gentle pause (.) in the pursuit of beauty.

S M . L L | (Small) is a design firm set up in 2019. We design furniture, products and spaces. In our Design process, intuition transcends all other concerns. We learn and unlearn, think and rethink our designs on loop until we generate a process for the problem at hand. So our pieces are encapsulated tales in its conception.

Wood is a material that inspires us. Wood speaks about the history of Kerala in its most profound form thachu sashtram which exemplifies the great skill employed in creating humble objects, furniture and buildings. Our designs pay homage to this humility in conception of designs in our history blending in with the modern materials that tie together to narrate the tales that we create.

Furniture Care ■

Each furniture is unique in its creation process and natural features such as grains, textures, color variation make each piece different from the other. To ensure the furniture purchased ages beautifully in your house we would suggest a few easy furniture care tips:

Do not use any abrasive or harsh chemicals.

Reach out to us immediately when there is any damage seen in the piece on delivery.

Avoid placing furniture made of solid wood under direct sunlight as that can cause warping and fading of the furniture.

Use coasters, placemats etc while serving hot dishes on any table surface to avoid damage to polish.

Be aware that with seasonal changes, natural wood has the tendency to expand or contract although the wood sourced has been thoroughly seasoned before its making.

Apply specialized cleaning products for your upholstery in case of spills or stains but always do a patch test first.

Regularly dust the furniture with a lint-free cloth to avoid scratches caused due to dust.

Reach out to us in case of any concerns and we will try our best to help you out with resolving the problem

1 Year warranty for any manufacturing defects will be provided.

GST & Transportation charges will be additional.
